

PROPERTY TAX APPEAL BOARD'S DECISION

APPELLANT: Richard Riemann  
DOCKET NO.: 03-29454.001-R-1  
PARCEL NO.: 13-06-114-014

The parties of record before the Property Tax Appeal Board (hereinafter PTAB) are Richard Riemann, the appellant, by Attorney Stephanie Park in Chicago and the Cook County Board of Review.

The subject property is improved with a 105-year old, two-story dwelling of frame construction containing 1,793 square feet of living area with a full, finished basement.

The appellant's appeal is based on unequal treatment in the assessment process. The appellant submitted information on eight comparable properties described as two-story frame dwellings that range in age from 85 to 138 years old for consideration. The comparables range in size from 1,750 to 1,896 square feet of living area and have improvement assessments ranging from \$13.62 to \$17.86 per square foot of living area. The subject's improvement assessment is \$18.85 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's final assessment was disclosed.

(Continued on Next Page)

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds a reduction in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$ 7,134  
IMPR.: \$ 30,481  
TOTAL: \$ 37,615

Subject only to the State multiplier as applicable.

PTAB/0528JBV

The board of review presented descriptions and assessment information on four comparable properties consisting of two-story frame dwellings that range in age from 90 to 110 years old. The dwellings range in size from 1,472 to 1,676 square feet of living area and have improvement assessments ranging from \$19.03 to \$22.22 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

After reviewing the record and considering the evidence, the Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of this appeal. The Board further finds a reduction in the subject's assessment is warranted.

The appellant contends unequal treatment in the subject's improvement assessment as the basis of the appeal. Taxpayers who object to an assessment on the basis of lack of uniformity bear the burden of proving the disparity of assessment valuations by clear and convincing evidence. Kankakee County Board of Review v. Property Tax Appeal Board, 131 Ill.2d 1 (1989). After an analysis of the assessment data, the Board finds the appellant has met this burden.

Both parties presented assessment data on a total of 12 equity comparables. The PTAB finds the appellant's comparables #1, #4, #7, and #8 are the most similar to the subject. Due to their similarities to the subject, these comparables received the most weight in the Board's analysis. These comparables had improvement assessments that ranged from \$13.62 to \$17.86 per square foot of living area. The subject's improvement assessment of \$18.85 per square foot of living area is above this range. After considering adjustments and the differences in both parties' comparables when compared to the subject, the Board finds the subject's per square foot improvement assessment is supported and a reduction in the subject's assessment is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
